President Report.

This week has been all about the Science and Engineering Challenge. Dr Terry Burns, program manager for the Science and Engineering Challenge Australia wide was our guest speaker and provided the Club with an insight into the program and its operation.

The Challenge has provided opportunity to over 500,000 students over the last 19 years Australia wide. The Rotary Club of Bendigo South has provided the opportunity to over 2500 students from Central Victoria to participate in the last 12 years.

The Club made a presentation to Jane Raeburn, Head of Science at Girton Grammar in appreciation for her services and commitment to the project and the organising committee over the last 12 years.

On the 20th of July the Club and Newcastle University successfully conducted the 2018/19 Challenge for Central Victoria with 200 students from 7 schools in attendance. The winner was Bendigo South East College. It was an enjoyable day well attended by other Rotary Clubs and industry. Thank you to members who did attend and for helping on the day.

Thank you to Committee Members Ken Briggs, Paul Gibbons and Tom Glazebrook for their contributions throughout the year and on the day so as to make this year's event a success. Also thank you to Bernie Young for representing the Club as a scrutineer with the tabulation and verification of results.

I am pleased to report that all handovers in the Cluster have been completed and I attended the last one - Rotary Club of Rochester on Saturday. They are a lot of fun and the Rotary year is now in full swing.

At our next meeting we will be having a member talk from Trevor Phillips and a short talk from publican Steve on beverage options at the Foundry and afterwards the start of our end of the month - social night.

It is intended to have the end of the month social night as a regular part of our program throughout the year.

Also, if you wish to attend the Trivia night organised by the Eaglehawk Rotary Club (flyer attached), then let Tony Plant know. There will be no meeting on the 9th of August as the Trivia Night is on the 10th August. Proceeds for this event supports the Youth Program for the Eaglehawk Rotary Club.

See you next Thursday.

So, come along and enjoy yourself and participate.

Rod Spitty .

A Reminder!

Members of the membership committee are still chasing some past editions you may have at home. So, after getting all the great ideas out of them please pass on to Trevor H, Tom C, Sue D and Tony P.

LATEST PHOTO'S COURTESY OF PAST PRESIDENT BERNIE.

It was Science and Engineering Challenge time. Many thanks to all our program partners listed above.

See Above President Rod with Science and Engineering Challenge awardee Jane Raeburn is Science and Engineering Challenge Committee member. Head of Science Girton Grammar. The Club gave her a Certificate of Appreciation for 12 years' service on the Project Committee. as well as Tom Glazebrook and Science / Engineering Challenge Head Dr Terry Burns Newcastle University and Graduate student and Chief program runner David.

All are welcome to plant seedlings. Three or four volunteers required for BBQ

THE OBJECT OF ROTARY

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST.

The development of acquaintance as an opportunity for service;

SECOND.

High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD.

The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH.

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR WAY TEST

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned
